

THE BRUNCH & COCKTAIL CLUB

We freshly prepare every dish on our menu and while we try our best to avoid cross contamination, we are operating in a small kitchen and cannot 100% guarantee the absence of allergens.

Customers with life-threatening allergies and intolerances must take this significant risk into consideration. Please make your server aware and if you have any questions, please ask for our manager on duty.

Please note, all dishes may contain traces of nuts // We garnish our dishes with herbs that may contain celery & mustard.

Gluten free bread is available, and all dishes marked with * can be made gluten free.
